What did Alice say when they said Alice Doesn't Live Here Anymore but then she returned from the Looking Glass?

Y is it when Drama Trauma n upside down crazy happenings outside anyone's imagination rear its ugly 8-Headed monster or was it 10 Heads?- Did you know there's an old saying, "Truth is so implausible, you gotta add lies to make it Believable?"- Y is it that returning home gives you strength, presence n centeredness even when the Black Sheep wrestled control n cascaded the world back to Wild Wild West days of Kangaroo Court Justice w men wearing tarnished stars playing BAD COP? Dam, ISN'T IT IRONIC, Yes Alanis Morissette, Not Sheryl Crow. You're looking for Alan Ladd to

appear, SHANE, instead it's just a parade of BAD COPS with good abs playing with their COLT45, a lil light in their shoes as Dad used to say, so your alternative is, once again, AS ALWAYS, THEN I'LL DO IT MYSELF. NEVER MIND I can barely walk in them shoes right now without boots n braces. Nevertheless, my flat heels are STILL HIGHER than your lack of ethics n standards. Xcuse me Leaders, it really is time you grow a pair n DO YOUR JOB, o STAND DOWN. What's a Girl To Do? Go shopping. Buy a couple cute dresses n hide out. NOT AT THE CONVENT, but at a CASINO. as July 2026. MOST DEFINITELY by SEP 2026. NBA PLAYOFFS ANYONE? MARCH MADNESS 1ST? Definitely before NFL OPENERS n WORLD SERIES 2026. How bout them BLUE JAYS. Wouldn't it be Ironic? BLU J's USHER IN ELECTION 2026 BLU TSUNAMI? Or will Orange Pumpkin right itself by HALLOWEEN retaining House n Senate thereby avoid certain Impeachment 2027? Crazy lil Quantum Quarks n Entanglements? FOR SURE.

What new haircut? 6 weeks grey hatchet job still reigns? Most importantly How the Hell did I Find my lost sense of humor n appetite amidst this debacle? IN CASE YOU DIDNT KNOW, LIFE n QUANTUM PHYSICS ALWAYS COME FULL CIRCLE. ITS WRITTEN IN THE STARS, STARDUST AND GRAINS OF SAND. ba da dum.

11:11 on the Clock when I look up? Can't make that up. CRAZY LIL QUANTUM QUARKS strike again.

CHAPTER 1 LAST CALL

11:11 ran copies-oh those Oil Companies. Run by Mom's Condo, formerly. Dam just hit me. It's her birthday. She'd be 90 today. Last call I said "Mom, I'll be there for your birthday." She didn't wake up the next morning. More on that later. I also promised her I'd b back for her 90th like we did for Gram K. It's a very practical thing.

A week after Moms birthday is Mother's Day. 2 for 1. And at her Happy Place, the Big Casino on the Prairie, a Perennial

Favorite Musician played her birthday weekend. A favorite for both of us, NOT QUITE THOSE CRYSTAL CHANDELIERS she loved so much, or Donna Fargo's MOST BEAUTIFUL WOMAN IN THE WHOLE USA. Mom's Suzy FOR SURE. Tho Mom thought her's be Adrian Barbeau. Mine? Some say Lois Lane, Superman Reeve's girlfriend. Others say Demi MOORE. I never thought either very similar. Eith way Mom was convinced they scheduled His Concert for HER. I didn't doubt it. NOT FOR 2 SEC. Mom hung out there all the time. Mom also played his music all the time when I was little. She also had his music on the jukebox at the bar Dad bought one night when I was 5yrs old n sold when I was 15. Mom ran the bar. Her Dad had one too- Joe's Bar survived him by 60Years- top that Goodwill I Double Dare You. Dad ran the Farm.

Quite the Biz Match those two but that was the extent of their compatibility.

Spring mostly Sprung. Tho yesterday's Symbolic Visit to the International Peace Garden a Bust. Car full of stuff. Can't leave it in the parking lot. Not gonna deal w a full car in the DEMILITARIZED ZONE. JUST AS SYMBOLIC as JOJO SISSY n OFFSPRING STILL ON WARPATH. THO they blame me. The war is my fault. Just give them my share of Mom's earthly possessions n the war's over, aft all I was born 7 years aft the core family of 3. If I'd never been born, it was all their's anyway.

MOFOs. SOME THINGS NEVER CHANGE: GRIFTERS GRIFT. LIARS LIE. CHEATERS CHEAT. Tough being a white sheep in a family of BLACK SHEEP tisen't it? Not only that. Too early. No flowers yet. But that

40 mile straight run 2-lane road into the International Peace Garden North-South? Man they see u coming for miles n miles. ON A GOOD DAY I CAN SEE FOREVER.

CHAPTER 2.

“She sprouted love like flowers, grew gardens in her mind. Even on the darkest days, from her smile the sun still shined.”

WHERE THE DEER N THE ANTELOPE ROLL

I get to Dads Hunting land 6 weeks later aft running round 3 counties Williston Basin tryna UNNASTAND what's what w who's who. Mom's Dad had 5000 acres oil royalties right in the Heart of Williston Basin dating back to 1937. I only learned about it aft all were gone. I'd love the backstory on that. I can only imagine a

Late Night Poker Game where someone had 4 Deuces n Grandpa had 4 Aces or Queens. Either way he never saw the oil strike. He died a few months BEFORE BLACK GOLD struck in 1952.

2026 and they're still pumping oil outta his acreage. Crazy. But then that wildcat well I did WellSite Geology on 40 days n 40 nights midnite til noon shift? Well we hit pay in 3 zones. Grandpa's day they drilled to 3500. Second Round on this wildcat we hit at 5600 7200 and 10200. Crazy lil Quantum Quarks. Not much showed up in the samples or even gas chromatograph readings, but the Head Geology guy who popped in 8ish told me, fresh outta college, "Pay attention to the bit jumping." I'm like, "What?" He says, "Sounds like a jack-hammer. U can't miss it." Well that DAWNs EARLY LIGHT the jack-hammer struck. He

took a chance n shut the whole dam site down for that Drill Stem Test. It came in stronger than any he'd seen. Some of the oil riggers who eventually turned into sorta friends, aft they got over me being female yet still couldn't let go of the DEGREE DIFF, told me I was lucky it hit or I'd have been fired. CRAZY LIL QUANTUM QUARKS. Not sure if Mom knew then about grandpa's acreage. I sure didn't. Then there were more cows than oil wells up there. Now so many oil wells I can't count that high n few cows to be found.

But 1100 that morning at Dad's Hunting land, and the next 5 visits, antelope come to meet me on the green grass. I'm smiling sweetly. Decide to make THIS MY GREEN GREEN GRASS OF HOME. Dad's Favorite Song along w anything Johnny Cash, definitely a BOY NAMED SUE, FOR SURE.

Somehow aft Mom's Gone I feel
Homeless. I want a safe space. DAD's
Hunting land with these antelope? Well
that's it. I found my new home. Who knew

SO WORK-AROUND 99,991. Well then I'll get a camper. More Problems Galore, but it arrives IDES of June 2024. Set middle field

next to the well waiting for electricity before someone messes with it.

WHO COULD THAT B IN RURAL PLAINS STATE where nearest neighbor 2miles away back when all the farms were occupied but now more like 20mi xcept in a few tight clusters. OIL? DOD? ALPHABET SOUP? DLA OMB OPM? DEA ATF? Treasury? CAPONE-STYLE? HMM. Crazy Xs NOT occurred to me yet. Definitely not deer and antelope that lie outside my bedroom window most mornings. St Raphael's Gift or do they just like my music?

AFT I got out from unna that lil bar I bought where Satan landed when St Michael booted him outta Heaven, I always had a sea turtle envoy wherever I went on the boat. Here it's deer n antelope, n that lil Prairie Pup. Coincidence? ST FRANCES

is my oth Fav Saint. Along w ST THERESA
The lil Flower 4. Really? Yea pretty much
4. Last 2 1st 2 since Junior High so like 5
years now. Last w St Michael n St Raphael

the 23rd Psalm like Grandma taught me
when I was 7. She said, "We gonna
memorize this, the Gettysburg Address n
the Preamble to the Constitution. Then if
ever you run into trouble you'll know Who
to Call." Paraphrasing to keep a short story
long. Aft 10,000 recitals a day 20hrs a day
120 days straight, it hit me that St Raphael
indeed was the Staff (See also American

the Rod. YEA THO I WALK THRU THE

CHAPTER 3

SUMMER DAYS SUMMER HAZE

WELL I NEVER BEEN TO HEAVEN, BUT I
BEEN TO OKLAHOMA - THREE DOG NIGHT

So camper, tin can middle of a field, arrives
3pm. Clouds come up 4pm.

Thunderclouds at 7pm. 10pm thunder n
lightning like I've never seen. For 2 hours,
the sky is entirely HOT PINK with even
hotter pink lightning bolts with more
highlighals than abstract art hot pink tiger
chasing a hot pink zebra.

I GOT NOWHERE ELSE TO GO. 60 miles
any direction still unna this nightmare.
THIS IS HOW LIFE ENDS. MY LAST
BREATH as I thought 20th time since this
debacle began and 26th time since I
bought that bar maybe 30th. I'd have to go

back n think or call my Choir Boy n his buddy, they'd prolly remember. Anyway, I say my prayers, pull out my now standard GOODBYE WORL, HELLO GOD PRAYER. We'd come to terms on this long ago. GOD's worse than Clo-Dumbo. JUST ONE MORE ASSIGNMENT. ME: "GOD, even Jesus Christ only had to do a 3 year stint. This is at least 12years now. No wait it's now 2026, 14.5years. How time drags when you're NOT HAVING FUN. Can we just call GAME OVER? De ja vu ALL OVER AGAIN? PLEASE?"

But no. I wake up to a fried phone 2 feet from my head. Musta served as a lightning rod saving me or something. OK. THAT DID IT. I'M ON A ROLL BUT JUST HIT PTSD. GOTTA TAKE A BREAK. Dam I've not even gotten to BOBO or his Shark Week Sell-Out yet w his MEAN TWEETS n

continual line-up blond cub reporters akin to a tarpon parade which IN CASE YOU DIDNT KNOW, is SIMILAR to that row of ducks in a barrel you see at carnivals- the circus kind, NOT THE CARIBBEAN KIND- tho both are very cool n very fun in their own right. This of course pushes back the onset appearance of WHOM IN THAT ORANGE CORVETTE CONVERTIBLE or Xs in the Sky, not 2b confused with GHOSTRIDERS in THE SKY yep Johnny Cash, Kris Kristoferson Variety.

There r reasons I steer clear of some of this n was gonna skip it, but dam TRUTH STRANGER THAN FICTION, it jus not have the same impact, n y'all seen 50 knockoffs each chapter, minimum. This supposed to be real deal. I was gonna do it story-style but every time I try, PTSD hits n I go off on soliloquies I think my HIGH SCHOOL

ENGLISH TEACHER/ DEBATE n SPEECH
Coach as well as Basketball Coach n Park
Board President who ensured my Water
Safety Instructor rating n teaching job at
the local pool and corrected the 1st
discrimination I faced as a 2nd grader
denied being an altar boy by having me be
the 1st female to read the Gospel at
Sunday Mass. But by then I too thought
that strange. But he insisted. He also was
instrumental in guiding me away from
legal secretary to pursuit of a law degree
via engineering degree cuz engineering-
law combos back then were in big
demand. Can you imagine one man having
that profound an effect on your life or how
many people I taught what he taught me
that I enhanced? Crazy lil Quantum
Entanglement, For Sure. I know he can see
it cuz I feel his presence every time I
acknowledge him n see him with his hands

just so, As Always, but I really wish I could talk to him about it over an ice cream cuz he didnt drink. Prolly not even red wine at Mass.

WELL HELLO DOLLY. WELL HELLO LOUIS. ITS SO NICE TO HAVE YOU BACK WHERE YOU BELONG. You're LOOKING Swell Dolly I can tell Dolly you're stil glowing you're still growing you're still growing strong (Well mostly back up to 40% from 9 near-death experiences or is it 19? Lost track aft kit10 didn't survive the 9th.)

Dad's Favorite Song. Had the 45. Kinda like 2025 Yankees n Mets. Dam Blue Jays anyway shoulda taken out the Dodgers who dodged another bullet. Is that where they got their NAME IN BROOKLYN WAY BACK WHEN? NO NOT COLT45 or even

Smith n Wesson. That 45 b a single kinda like just downloading JUST ONE Spotify song NOT THE WHOLE ALBUM for a dollar. Some things never change, ESPECIALLY A GOOD MARKETING STRATEGY.

DID I EVER TELL U how aft I created s process and made gorgeous t-shirts w copy-righted phrases from my MUSIC AT SUNSET BOOK- all avail Nateeznbk.com- instead of buying one of my T-Shirts in support, half the FREE-WORL STARTED MAKING THEIR OWN? THEN BELL-BOTTOMS, HATS, CLOTHING LINES, copying my style, color schemes, Biz Plan n Model? Even bought or built their owns bars, well NASHVILLE at least. Yes. Check out www.nateeznbk.com Merch since March 2023, my 2nd Stateside Evac for Medical n Safety where their attack upon my arrival plus 4days sent me back to ER.

SAME BS DIAGNOSIS DIFF DAY. Who knew Kamala had a West LA condo just a few miles from where OJ killed Nicole Brown n locale of all the Med Centers UCLA, Cedar-Sinai incl also fmr KERLAN-JOBE Ortho who fixed my knee so well with my exercise routine lasted 30years only giving out unna most Strange Haps n Coincidences. Speaking of which. My 20 Governor Pen-Pals from TRYNA BEAT COVID EARLY DAYS, ELITE 8 aft Kamala mutinied n stabbed Biden in the back aft I left him high n dry GREAT TRUMPKIN BIDEN DEBATE 27? 28? JUN 2024. WALTZ -Minnesota where I was supposed to undergo company testing at Mayo Clinic, but instead of continuing to provide platform n content except enuf to keep FREEWORL turning n UKRAINE to take 300square kilometers n 7 BRIDGES ROADS in RUSSIAN TERRITORY to exchange in

negotiations. No one believed I could go radio silence 120 days did they? Always underestimating my Will Power n Self-Discipline. MEANWHILE Radio Asks: Toughest Lent ABSTAINence? Mine? Chocolate, Cigarettes, Casual Sex. NO NO NO NOT same year, but I did for one year (not chocolate) to prove to MOM she was wrong n bad selection in boyfriends was the problem NOT ALCOHOL. DAM SHOULDA PUT MONEY ON THAT BET but Mom never bet against me. Only Dad in Sports and he gave 4:1 Odds n let me pick. Perhaps he thought the weekly allowance of FIFTY CENTS Mom gave me in 5TH GRADE INSUFFICIENT for keeping the house clean, buying weekly groceries at local stores (yes they delivered). I did Mail n routine bills- writing out checks for mom's signature. Never took a penny without permission or signed her name

unlike former brother n sister, it now is painfully obvious. But Mom n I did go shopping weekly-she took me outta school- Prolly her Cover Story Looking Back. We always had the best clothes, except me for Prom n Homecoming Queen. Yes I was crowned that, unbelievably rewarding moments even more than winning the Student Council Presidency Junior year or starting Basketball Freshman year. Little votes of confidence from the peers you grow up with in Eural (Oops coincidental typo or is it serendipitous i get so confused?) Rural Prairie States. Crazy lil Quantum Quark Memories being what they are.

And you thought this be about sports? No SPORTS replaced REPORTERS replaced POLITICIANS replaced MUSICIANS. But what will replace SPORTS besides DEER

ANTELOPE n GARDENS? Besides I already did CRAZY Lil QUANTUM QUARKS n I haven't come up with the name for NBA if I ever write that one... hmm BUT I Did incl in LEAST OF MY BROTHERS, O WAS IT VERTIGO OF MY SOUL, 38000 references to 38 YEARS NUMBERING 38 in all my warnings to FREEWORL; HOW they repeating mistakes of 1938 n descent into WWII feeding crocodiles dividing Czechoslovakia- who was the dufus BEFORE CHURCHILL FDR n the other guy righted all his mistakes. CHAMBERLAIN. THATS IT CHAMBERLAIN I BELIEVE. Or ALL MY STRAIGHT Xs, Nary a ONE fr TEXAS? or IRISH SPRING GONE ai-RYE? Caribbean Clash? Baseball o football? Dont get me started. NHL? ungrateful kitties- I never thought I'd hear myself say that, but it is a 2-legged variety. Steal all my symbols n elements n then NO

GET ME A RING? No aryna u didn't have to get engaged. I was talking RING FOR WINNING THE PENNANTVOR CUP cuz they used my Palm Trees Diamond-SURROUND n acfew others outta my drawings but congrats. I hearvover under on your engagment 30 days less than dairy and on marriage if he doesn't get cold feet? 7 months. Not even long enough to make a baby COVER STORY. But I've GOT Xs who suck better than u n I still gave u a chance in 2025 n u dug that dagger into my back n u want me to WHAT in 2026? Ya Good Luck w that. U jus lucky I was otherwise occupied 2025 or that Laurel n Hardy been far from 2-peat grasp.

HOCKEY DARLING it's got a puck like u. SPEAKING of pucks, Maholmes How's that 3-peat? Next sphere should I just stick w Sports Announcers or are they lumped with Reporters? Which brings us back to

THE GRAND REPORTER FINALE n BOBO.

Hmm what word for BOBO Chapter? He really only deserves 1 special word but prolly gonna take at least 3 Chapters from Black Eye to VANISHING to me stupidly bringing him back from the Politically Dead to Trumpkin's miraculous turn from 34 convictions that fateful June Day of the Great BIDEN-TRUMP DEBATE. And that night 2weeks later. Another, thunderstorm but this one with hail n twister.

HoW DOES MILITARY ARRANGE SUCH PRECISE CLOUDSEEDing? OR IS IT ACCURATE? I GET SO CONFUSED. Or is it St Raphael? Hard to believe its Raphael cuz I'm on his team. Or is he on mine? "GOD, HOW DO YOU ASCRIBE THESE MATTERS?" POINT OF ORDER-WHOS THAT HOYLE THEY USE IN THE US

SENATE?

Do u remember where u were the day Trump got his 34th conviction the night of that debate? I do. I got my address, but still no electricity for the WELL. My dance partners? Those 2 nauti calves dancing in the middle of the road every time they hear me coming w my music? Are JoJo's calves? SERIOUSLY? You cant make that up. What's with JOJO BOBO n later COCO (but she was already taking in wins, I jus didn't know it then.) OHOH BOBO. There I feel better. Still gonna take a break, but at least I'm outta PTSD MODE. MOFOs

MEANWHILE NASA builds new telescope. Roman will scan the sky with a camera so massive it sees nearly 100 times more than Hubble Space Telescope in a single view. Not just stars. Not just galaxies.

Billions of them. Why? Because something is pushing the universe to expand faster and faster. Scientists call it Dark Energy. No one truly understands it. Roman will hunt for answers. Roman will block out light of distant stars to directly spot hidden planets orbiting them. Unknown atmospheres. New Worlds. Possible signs of life. Secrets the Universe been keeping 13 billion years. We're gonna force it to talk. ME: Yea GOOD LUCK w that. Push the Universe? It's gonna push back on you. Harder than Murphy in a House of Mirrors.

CHAPTER 4

“But now and then comes an hour when silence is all but absolute. Listening to it one slips out of time.” — Nan Shepherd, *The Living Mountain*

REPEAT. REPEAT. ON REPEAT.

BREAKING : Astronomers identify candidate supermassive black hole roaming thru intergalactic space, leaving behind spectacular trail newborn stars stretching nearly 200,000 light-years—twice the diameter of the Milky Way itself.

So I wake up after that HOT PINK THUNDERSTORM. NOW WHAT? I'm barely walking. In the middle of nowhere in a field in a PLAINS STATE. Only deer antelope n this cutest lil Prairie Dog who comes to hang out beside me long before I feed him. He looks up at me adoringly—that's how I know it's a boy. ba da dum.

Got no water. No power. No electricity. So I go get a trickle charger. Later Musk

Jack's that concept n adapts his electric vehicles but they do it all wrong cuz don't wanna pay me my IPPIIP content share- DO YOU SENSE A PATTERN HERE? IF ANYONE WOULD sign me up these problems plaguing the world be long gone vs half million half-starts scattered across the globe n outer space. Dude did u even consider cumulative effect of all those satellites on the Earth's magnetic field? No I didn't think so. Shrinking moving North Pole? CAUSE n EFFECT? YA THINK? APPARENTLY NOT.

OK. NOW it's like 2pm. NOW WHAT DO I DO? I PLANT A GARDEN. NOW ITS 4pm. OK. Gonna collect rocks n build a rock garden. What are these rocks anyway? They're kinda cool. Unlike anything else anywhere around. Huh?

Check into WTFNow. Ugh. Why I do that? Now what u need me to do? UH NO. Not now. Should I just go to sleep? 8pm? Maybe I'll draw for a while. Looky that. All I can find is a red crayon and a purple crayon. What can you draw with only those 2 colors? Who on earth would plck that color combo? MEANWHILE 2 months later? Clapton picks those 2 colors along with grassland scene mirroring the other side of lil creek running thru Dad's Hunting Land. SERIOUSLY? DO I really need to see all the lyrics? Not really, I lived it.

3am. Wow look at those Northern Lights! Greens. But I no have a green crayon with me. Gorgeous. Haven't seen those in a long time. Dam tho it's cold. Must drop down to 50 at night. I forgot about that. Oh look, Here's that lil brown fur coat that was in what lil of mom's n my stuff made it

into storage. Sissy n Jojo, that b my X brother n sister, crashed into mom's condo, pilfered it before I could get back 1 day aft they call to tell me Mom didn't wake up but don't worry, cops ruled it, 'Death by Natural Causes.' ME: "But why were cops involved? DOES NOT COMPUTE." Except i just got injured while working at Rocky Roads and it took 18 months for me to GET BACK. Wills Codicils and 40 feet deep by 100s feet long by 300 ft wide of gravel hilltops MISSING n formerly a slippery slidey straight section line over carnival roller coaster ride hills is now flat n level n covered in gravel graded better than 90% of gravel roads in the stat. I know because I'd just routed re-routed across most of em without really knowing why, but believing it had something to do with ending russia's unprovoked attack on UKRAINE n returning the 150 hostages we didn't get freed that

fateful Thanksgiving Day my neighbor interrupted. The Knight in Shining Armor who saved my life by making me start swimming again when i could barely move, "Drop down on your butt, scoot in n float if thats all u can do". Well that was pretty much it. 2 laps short way by fluttering my hands. Down from 20 min and half a mile laps or an hour of snorkelling thru ocean waves and current couple times a week, after i returned from LIVING MY SCUBA DREAM n 7000 scuba dives 6000 teaching n taking others up to 6, thus the name 6-Paq SCUBA contrary to the abs n beer references most people imagine.

Anyway I pull out this brown fur jacket-lord I hope it's faux fur. MILEY CYRUS, "I CAN BUY MYSELF FLOWERS" Wanna see my poem n drawing anyone? a few months later is draped in a brown fur jacket, just

like Mom's, now mine. Hmmm. Get ur own content or pay me for mine. Karma's NOT a beach in Tahiti. U too SWIFTY n you Tight End 2. See LEAST OF MY BROTHERS.

OK. Day 2. Repeat. DAY 3 REPEAT. DAY 4. REPEAT. DAY 5 yeah! SUNDAY MORNING. I'll go to Church. Afterwards farm neighbor lady FORMERLY DADs Buddies wife jumps me aft Church like I'm THE PROBLEM.

DUDE, Mom's will left everything equally to the 3 of us, but my former brother n sister haven't released anything despite 2 attorneys n another \$6000 wasted. Lap dogs.

Who's calling these shots? Ain't fireball. Ain't tequila. Sure as Hell not any cowboy in a white hat. This be more like Clancy Brothers before Doc Halliday shows up.

Besides Bro JoJo let the corral across the road turn into rotting rubble. I can't stand seeing how the 3 quarters with buildings r just run-down haunted. Cept it's proolly the spirits of those who had to sell it to Dad back then cuz if it were Grandma, she be booting JoJo's behind for letting everything crash into ruins. Then he's got the gaul to say the buildings aren't worth anything anyway, he gets a discount n more acreage. Yea GO F YOURSELF. We ain't playing monopoly n I no longer 5.

Where did that write-up go? Lost?
Another segment missing? Here we go again. Maybe I should be entering this chapter by chapter to Nateeznbk.com?
Hmmm let me Ponder that!

FLASHBACK:

BUT THIS Sunday Morning Slssy n JoJo n

DENNY mean rotten cousin Denny who only got worse aft drafted to Vietnam War n lost his fiancée to a better man, are playing Monopoly. I wanna play. Ur too little. Lemme play. U always say I'm too little for everything. I never get to do any of the fun stuff. I always have to stay st grandma's. But u love grandma's house. Yes but I also want to do the fun stuff w you guys. NO. YOU CANT PLAY.

GRANDMA. THEY WONT LET ME PLAY MONOPOLY with them. Grandma. Don't make me come in there. "But she doesn't know how to play." SHE CAN ROLL DICE. TEACH HER. "NO WHY WE ALWAYS GOTTA TEACH HER?" "CUZ SHES YOUR LITTLE SISTER. BE NICE TO HER. DO IT. DONT MAKE ME COME IN THERE."

So they reset the game. And we roll hi dice

to start. I got double sixes. But they made me roll again, wouldn't give me electricity. The I roll 7. New York is mine. Yay! Orange. My fav colors. N the ones everyone lands on. Luck? Statistics.

Next turn 3 doubles...a Railroad. ARE THESE ANY GOOD? I ask as they growl at me. Lucky lil shit. That's what everyone always said when I beat them. And a green. N boardwalk. Now they pissed. GRANDMA. THEY BEING NAUTI. DON'T MAKE ME COME IN THERE.

and I got another orange, red and Park Place next round. They each only got 1 property and had paid me three times.

But then they started to trade. "We'll teach u to trade." They say. Well I liked purple and NOT ROYAL BLUE. They made me feel

guilty for having so many properties. I'd mortgaged some to buy the rest like they showed me. But u love purple. You take Baltic n Mediterranean, Well take Boardwalk n Park Place n give u 500 dollars you can unmortgage orange. OK. well they built hotels n I land on Boardwalk again.

Pay us \$2000. You can't? WE WIN." ME. "HOW COME? GRANDMA." She comes in. I'm crying, "They cheated."

We all talking same time. Grandma says "That's Not Fair. No game. Start Over. Next time call for doubles." ME: "I did I got 8 before they made it round the Board once." "Well then next time call me before u make a trade, I'll double-check."

DID I MENTION DENNY WAS like 18 proolly

right B4 his NAM STINT n he came home meaner than that n ran his older brother outta town?

Denny came over to me last summer next to the Mt Rushmore pile of gravel n his little one off to the side, "They just scrape some off to the side for me." He says ME: "But its the County's gravel." He jus smirks evilly. which makes me finally ask, "What did u do to chase Tim n wife n kids away?" (His Brother) "You don't wanna know, but I told him this ranch NOT BIG ENUF for the both of us."

So aft Mom breathes her last gasp breath xmas eve morn... there's lotta pillow talk when I finally make the trek summer 2023. But that's outside the scope this book. 70 pages prolly not long enuf, but 750 definitely too long. 3 times. With how

many endings? I should kept all of them.
But u've prolly seen them passed off as
someone else's work.

CHAPTER 5

WHAT COINCIDENCE! IMAGINE Trump
ACTIONS supporting BLACK SHEEP
ATTACKS. Troubles brewing BIG.

Mary Mary Quite Contrary HOW DOES
YOUR GARDEN GROW?

MAKE THE CALLS

Call 2 electricians n the electric company.
One guy comes out. If this been across
the country road \$4000 done-deal. "NO"
GUY SAYS, "\$11000 just to go unna road?"
Me: "But all the other hookups run across."

HIM: "Not anymore."

Month later nother new one across the road. Mine still no where to be found.

What's wrong with this picture?

OK. Day 8. Weeding. I've built out quite the lil rock garden. Paths. N weeded the 600 feet to the road. 11am. Draw. Too bad no electricity or these books be done. Part of the opposition's plan? Draw. Write. One hour a day prepping letters emails to oil companies to recover lost Royalty Money. Kinda like Pissing in the Wind as Dad woulda said. Being here just channels Mom Dad n Grandma like no time passed.

REPEAT REPEAT REPEAT

CHAPTER 6

"Everything is possible. The impossible

just takes longer.” — Dan Brown.

WHAT ARE THESE DRONES? WHAT ARE THESE TIRE TRACKS?

I FEEL LIKE the 3 Bears. Who's been in my Camper? Who's been in my Papers? Who did this to the Well? Call the County. They send out a Deputy. 3 diff times. 3 diff Deputies. I give backstory. Mother. Pillow-Talk NOT DORIS DAY ROCK HUDSON VARIETY. BROTHER. MT RUSHMORE PILE GRAVEL No money in Mom's Estate. 3 farms: 2 ea 3 quarters, 3rd 6. Pretty simple math. 3 of us. 2 years later then, 4 years now. BUT Sissy n JOJO say, "THERE'S NO WAY TO DIVIDE the LAND." JoJo the smart one tho a D-student, while I was Valedictorian n graduated engineering school. Oh what intelligence n laziness breed-the chemical composition of most

thieves, embezzlers, n thugs. If they just applied themselves n went to school or got a real job. But, no that's too much work, much better to take the fruits of someone else's labors.

Don't START ME UP- DUDE THEN THE STONES DO THEIR COMEBACK ALBUM? Seriously? SidePop QUIZ. What islands do both Clapton n Rolling STONES (Well at least Keith Richards) like to join local guitarists n spend winter months n New Years Eves? Shall we leave that unanswered for lil bit?

Bones Billy Bones. "But they really should pay you an IPPIP FEE." on Natl Broadcast. 3wks later he's got a movie deal n BIG BIG RAISE. He sends me: ZIP NOTTA ZILCH. MORE ON RADIO LATER. Oh he's like let's do it now.

CHAPTER 7

RAINDROPS KEEP FALLING ON MY HEAD.

RAIN RAIN huh? COME AGAIN? WETTEST SUMMER IN RECORD n 3 tornados right down the Interstate which had NEVER BEEN HIT B4? HMM How Bout that CLOUDSEEDing project? Yes that Camp flooded n all those kids lost, but that NMEX-Tejas. Not northern Plains States. True That, but far enuf up that FLAG POLE, as natives remember, it's all the same ARMY KERNELS long before Klink there was Custer, actually a General. That lil hill a mile away as the CROW FLIES on Grandma n Grandpas land that Cousin Dennys parents swindled 1947 or was it a dowry? You never met his Mama, n they say im tbe UGLY DUCKLING of tbe family.

That's why i got suchba good personality they always used to say before i started working at RockeybRoads gotbinjured on the job, and all thesecSTRANGE HAPSCCL BEGAN.

Custers Lookout. Rumor has it General Custer climbed there to scout the area en route to his Last Stand. Prolly bout 400 miles nearly due WEST FR HERE, very diff from 200 miles due south from here, that earlier Parade of Tears. Dam I'm getting shivers down my spine n goosebumps as tho I'm sitting alone closing up those dam HURRICANE SHUTTERS at that lil bar I bought where Satan landed when St Michael booted him outta Heaven before someone told me it had been a gallows n slave trading block, so apparently Gloria is NOT the only thing I'm channeling here. You mean I'm NOT the first the ARMY n

MILITARY targeted? Oh, all those lost Buffalo. BUFFALO. DON'T get me started. O cougars. Did we have those here? I think more Bobcats n Canadian Linx. Or was it LINKS? Nah. Must just be winter weather givingbl me the HEEBIE JEEBIES as opposed to the Jumbies. Who uses those terms? Haven't thought about either in years n years, lotta miles n miles ago. ON A CLEAR DAY I CAN SEE FOREVER? That too was Bab's long before KRIS KRISTOFERSON's EVERGREEN A STAR IS BORN every minute IN CASE YOU DIDNT KNOW. BUT I DIGRESS.

FOOD. Time to restock. Dude, how much canned food can anyone eat? But what other viable option? No electricity. I did build that fire pit but in this wind? 20-40 mph ea day? Dude there's nuttin to block air flow Arctic to Gulf Coast. Let's jus call it

Texas n keep Trumpkins renaming outta it.
6 flags over where? Well I never been to
Spain or Heaven but I been to OKLAHOMA,
TWISTERS n All, NO LOVE, but at least I
had a stapler to sort n consolidate all my
PAPERS.

Now Mom's Silver-Gold Cadillac is heavy n
does pretty well on these country roads,
even when gumbo snotty muddy. I'd
already been to most of the stores n post
offices 50mi diameter xcept due north cuz
that lil town was abuzz with NOT RANDOM
traffic the night I drove down from the
International Peace Gardens now months
ago. N dam. I'm missing music. Also
thinking I need a lil something something
to protect myself. COLT 45? SMITH n
Wesson? 38 SPECIAL? Lord I got no idea.
3 times I held a gun. One a rifle Hunting
on VALENTINEs. They say I hit that bird

but I still don't believe I COULDA hit it my first shot. Second w that X in Sac who drug me with him to the shooting range. He was abusive. I'm like u keep a gun in your house, I'll never hang out there again. OMG still get PTSD the way he taught anything. That Pistol? Almost as bad as the day were on the lake n he says, "Here Hold the Wheel." I did n turned it like a car. I'd never steered a boat before. Who Knew? OMG we did like 8 cookies n he screams at me 2 days straight. Yes I shoulda left then.

Later it took 3 boat captains 5 years to get me to take the helm in the islands. When I bought my boat I never intended to captain it myself. 3 amazing captains later, n a couple days off out on the water, finally started driving the boat myself. 750 days out on the water later! PTSD.

The 3rd gun encounter I totally bypassed. Aft the LA RIOTS my v shy-NOT- BF wanted me to carry a pistol unna my seat cuz I drove thru South Central on my commute. I'm like, "Dude, like I'm ever gonna be a better shot or quicker than a gangster? Uh no." We compromised. I stopped driving thru that part of town. Doubled my commute.

And the 1st? 4th grade camping with my best friend's family. Dam we always had such fun. Her dad was gonna teach us to fire his pistol. As always, I'm like, "You 1st. No really. Aft u." Well we're both like 4'10" tall n 85 pounds dripping wet. She fires that pistol n flew backwards 10 feet onto her butt. We laughed so hard. I never did fire that gun.

But all these strange haps n my land? Well AH THIEVING EMBEZZLING breach of fiduciary duty n self-dealing brother keeping it undivided title, no matter, I can build a home there legally but anything in the ground is 2/3s theirs thus the TRAILER 4 SALE OR RENT CONCEPT. Think mayb I should get a gun. Don't even know where to start.

But this day I'm driving straight north n it starts raining cats n dogs. Haven't thought of that phrase since Grandma left this world. It was her fav. So I pull into this lil shopping center. THERES MY ACE-HARDWARE that is. GO inside. \$500 for a lil gun. I'll wait. But DUDE 20th store I looked n finally a radio, with battery option. WooHoo. BACK IN BIZ. MUSIC BIZ that is.

Now I'd just finished that 20000mi

20states GrandPrix Run in 30days. GIRLS JUST WANNA HAVE FUN. BOBO WOULD FLIP OUT n id crank up the music. Xyndi Lauper 2/10 times b somewhere on the radio for me to blast. Im sure BOBO still gets enraged by that one

8Dude 50 songs, Country Western which is mostly all you can get, sound like My Formerly Fav Musician n me. So I take these lyrics VERY PERSONALLY. I did just say last fall, "We should write a sequel n tell tell your side." WELL I THOUGHT ABOUT WHAT HE DID WHEN HE DISAPPEARED for much longer than the promised 30days that Valentine's Day I saw all the whales jumping en route to his gig. I even called Mom to tell her about it. I DIDNT EXPECT him to bitch about the break-up n blame me for all that went down bad. POST MALONE, MORGAN

WALLEN, THEN FRICKING LAINEY, ELLA n
OMG HERE COMES PTSD ALL OVER
AGAIN. All those DJs start out thinking I'm
Cruella Deville or a Black Widow Spider or
something, some even played MANEATER
the orig or one of the 4 new re-makes each
genre thankscto My X Fav Musician (See
Music at Sunset or VERTIGO OF MY SOUL

SQUARED TIMES QUATTRO. oi. Aft
20000mi hearing me argue with the
songsvl on the radio defending my side, all
the DJs now are like "DUDE it was You. You
Were the Problem. She shoulda thrown ur
arse out long before she did." n BOBBY
BONES. Well Bobby Bones. NOT BILLY
BONES FROM TREASURE ISLAND tho that
b VERY RELEVANT TOO. Well nother
backstabbing IPPIP GRABBING gets a
movie deal. I'm literally screaming at the
radio, R U FIN KIDDING ME. Even the DJs

getting deals? PTSD HITS AGAIN. I need a break. See I go to write a story from this but as I create fiction those emotions find their way to my fingers. Prolly a good thing to release it, or is it? IF I'M THE PROBLEM, YOU'RE THE REASON? v diff from the original reggae version by Cyrano, MY REASON. Even Kit10 comes running first 2 notes that song. He knew I get up to dance n he just loved to be my dance partner, as long as I didn't twirl too much.

Anyway, I come outta ACE HARDWARE n the puddles now rivers. But the rocky roads? Now full of cars. Radio playing TAKE THE LONG WAY HOME so I do. Muddy muddy backroads n all. With My Radio! Finally.

CHAPTER 8

“Society often forgives the criminal; it never forgives the dreamer.” – Oscar Wilde

SISTER CHRISTIAN, TIME AFTER TIME,
WHITE WEDDING DAY? Where Were You?
Who Were You With?

I'm game. SUNDAY MORNING COMING
DOWN. Crazy how quickly muscles return
if they were maintained high-level long
time. We danced so much in college. 1st
year BARBARIAN every night. Then
college courses won. So Friday nite AJs,
Saturday Night the cowboys from
Wyoming would come in. There are more
sheep in wyoming than women so many
make the drive to the Boothill Saloon. Yep
THE REAL BOOT HILL ANNIE OAKLEY,
WILD BILL, CALAMITY JANE. Not sure
where they buried old Doc Halliday tho he
did survive the SHOOTOUT AT THE OK

CORRAL along with Wyatt Earpp. CLANCY BROTHERS n other BLACK SHEEP BLACK HEARTS NOT FARE SO WELL. KARMA NOT A BEACH AT SHERIDAN Lake. More like that 40foot jump off those rocks into JENNY GULCH 55degree Water Pactola Lake. I remember the 1st time we did that. Before we jumped I'm like, "Who wants to swim to the other side with me afterwards? No takers? SERIOUSLY? It's not that far. Can't b more than a mile." I made it like 7min if that. BRAIN FREEZE, ARMS n LEGS NUMB w cold, barely moving. They're all laughing as I crawl back up covered in goosebumps laying on the hot rocks to get some heat back in my body quickly. Something bout watching snakes do that in Old Westerns Movies apparently stuck with me.

Anyway I started dancing for the first time

since the injuries the night I brought the radio home. 38 Special, CAUGHT UP IN YOU? SERIOUSLY? SWEET HOME ALABAMA? At first I could barely do 2 dances box-dancing like I learned in 4th grade all over again. Adding a song or half a song through the day most days.

Now it's Sunday Morning. I'd also resumed my leg workout that new Superbowl commercial all the legs? Yep. My routine. Then radio says Ladies Basketball eked out the Gold Medal by a toe. I go outside. My red n purple crayons a blank sheet of paper n start drawing. Just images. Nuttin in particular just what comes to mind, kinda like how I write, IN CASE YOU DIDNT KNOW.

Then the radio starts playing music from college. DJs talking how music reminds

you who n where you were when these songs were on. "OK I'll play" I say. N get up to dance every time I can name the person that matches the song. Couple hours later I SEE US BASKETBALL WON THE GOLD.

Brings back all the GEOL memories in triplicate. Next thing TRUMP gets pissed when I wouldn't dump Tester For his lackey Senate Candidate, makes Zenke look like a Choir Boy (yes, former Dept Int former ExxonMobile CEO 1st day in office straight to RUSSIA BIG OIL DEALS 2017. (Its only 40mi from EPSTEIN

NEVER MIND LETS DO IT NOW. do we merge BOBO-ZENKE or keep em separte? Each could be a 750 page novel. Shall we do speed-dating style.

9/11 2023. I call the class-action number for Physical Disability Red Hill fuel tanks leaking into aquifer unna 1st condo I'm renting. attorney very interested as always. All a direct match reconcile balance- that's for the accountants in the room-tho the next day she says she settled that class action suit I'm NOT eligible therein n ahe going back home to TEXAS. MEANWHILE excruciating headaches beyond anything yet experienced hit. 2hours curl up. Pra. Call on the Pope who

I'd been interacting social media for a few months. Life slips away from me. I'm losing all cognition. I put my hand on the ceramic plate kit10 has started laying on. So now I keep 5 on the bed. All clean. Not much helping. I hear the TV Anchorman say. This is real. I think she's dying. Someone's gotta call these people on this. We can't just watch her die. ROLL THE TAPES, if they still exist. We'll this electric beam like SCOTTIE's stunning on star trek no stop but drops back to where I can think n see n breath again. I'm no longer frozen in time as tho I've left my body and the pick-ax-to the brain has been dialed down to a 5 from a 20 on a Scale of 10. Aft that I was very scared in a diff way n kept that station on 24/7 which led to a whole new crew. And these guys were great. One seemed especially concerned n caring. Seemed our hearts touched, but I

was editing MUSIC AT SUNSET again n that's full of X talk which tends to push new love interests away. But we kinda start chatting more n more closely. MY FAVORITE MUSICIAN is like there's something going on w you 2. I'm like, "What are you talking about? He's just babysitting me. Besides you're nowhere to be found." Well that led to BREAXH OF CEASEFIRE. Its right atound Thabksgiving 2023bniw. N like i said this could b a 750page novel i might get around to writing, or tou can read the updatesvto edits of MUSIC AT SUNSET for more of the story.

Reporter Pundit days," We'll idvgo there if you're available." Im like really. Hmm what u got? " He mentions "VISIT". I'm like o that b cool but NOT SAFE TO TRAVEL. Come get me. Naively believing he could travel

safely to get me. Well now we're in Planning Hell, that " I dunno what do you wanna do. No I had burgers for lunch. NO I already saw that movie. BASEBALL? I hate baseball so boring." Thing. Then he's like SEPARATE BEDROOMS. IM LIKE "SEPARATE BEDROOMS? One bed n snuggling all-night is the point of relationships. He's like "No I'll just tuck u in n go to my room." I'm losing it. "DEAL-BREAKER. SHOW STOPPER" Now this is on BOBOs show. BOBO says " I'd not kick my 95pound Rottweiler outta bed." I'm like, " LUCKY DOG." Now we're off to the races.

NEW YEAR'S EVE is a nightmare. Warnings of electrical storms floods n fires. BIG HIT OUT ON ME n I'm NOT to make the night, apparently. REPORTER PUNDIT sits up w me all night long. BUT so does BOBO. N he does an advanced version of me trying

to learn the 2-step now that I had these braces returning some mobility. I'd spent 5 months bed-bound, 10 months wheelchair scooter bound. N finally walking thanks to a 5week stint back home. (See other novels). Well I kinda dance away from Reporter Pundit right into Bobos arms. But it's early 2024 n Republican Candidates are debating n fighting for every State incl my Star Student who'd begun to soar. Dems been screwing me over since I helped them get in 2020 thinking they had to be better than 45. NOT SO MUCH. I'm hoping for a middle of the road or at least socially benevolent fiscally conservative with reagan-esque national security cuz we had to get russia outta UKRAINE n now 150 Israeli hostages home. We got 100 out before that THANKSGIVING BREACH aft the Hardrock Debacle 1 Oct 2023 aft BIDEN-KAMALA-Pelosi tanked the budget

we put together n got then Speaker
McCarthy n Rep Jayapal to support.
CRASH. BOOM. BANG nuc explosion that.
Then 7OCT23. HELLA WEEK FOR SURE. So
BOBO aft N NY, has a shiner. He's like:
"Gotta wear sunglasses. My legs v sore. I
can't do this." I'm like "Fine. I been dealing
w torture abuse 4years now, can't say I
blame you."

Its now NFL play-offs 2025. N I'm cheering
hard for Maholmes n the Chiefs. But I'm
getting weaker n weaker. Can barely
breath. No longer able to lift my legs. Yes
my neighbor's back. Kit10s former
girlfriend. Not sure what hap when I left
him w her for a week, but he totally
dumped her after that. Anyway. I pull the
plug on this Exodus Escape Plan we set up
Oct 2022 when I first evac for safety
following onset of the intermittent

shrieking head pangs. Off Kit10 n I go.

Now 7 Feb 2024. BOBO says he's gonna intercept n get me, but then they carroted him with a speaking engagement at his alma mater chased by a SUPERBOWL WEEKEND. Now was he set up or just unlucky? Not sure but he never came to get me. Someday I'll fill in all the details-those I got. I heard nose candy, girls, late-nite hi-stakes poker. Sounds like marked cards to me. NOT TODAY. JUST TRYING 4 cliff notes. FAST FWD ALL THAT. I'm just tryna do summer 2024 w lil backfill to make some sense n u still know more than I did real-time n I was in a highly compromised low quality health state, literally n figuratively.

Now it's 28Feb24 n BOBOs like "Come to DC n maybe we can start something;

Regardless, it'll help us get this natl security n border bill thru." I hop a plane. That and I'm sure if I'm there I can shake my back-pat loose.

KAMALA HARRIS flies into REAGAN NATL AIRPORT. WE GOTTA DIVERT n LOOP an hour before we land. NO LIE. NO EXAGGERATION. CHECK THE FLIGHT LOGS. She was flying back from DEARBORN MICH where my nephew lives 40 MI from my former sister lives and where shortly thereafter all those Radical Islam protest rallies supporting Hamas started. 25FEB24 +/- day memory here.

Long story long: aft 10 days, NO NOT GONNA GET DISABILITY back-pay. So I do a GOFUNDME n a resume to hang a sh8ngle in DC doing what I been doing for free since COVID MAR 2020. I figured they

all knew anyway, this was just a formal itu.

brings a Reporter Over. N I'm not sure when BOBO got involved BUT. That Sunday Princess Kate did her first appearance after her Vancer diagnosis n they all made a big deal outta those phot-shopped Hands. Bidensvlike, "Yea,NOT GONNA PAY U 50000" We found a cheaper alt. " I'm like whatever. You need me more than I need you." BOBO Ssaya hes gotta lay liw. Im like fine, ill go get things going on water n electricity for my lil CABIN ON DADs hunting land." Cant believe my olane is filled w ppl tryna snipe me. Get my car n start doing the apps for utilities n such. Run thru the 3 counties records where our 3 farms lie. N get back in time FRIDAY MARCH MADNESS. Now I'm aghast. These boys NOT doing any basics. I'm yelling to the TV. Follow your shot. Move your feet- were a basketball player, not a tree n 1000 other basics. Testing my hair

N I'm drawing my plans for cabins on dads
hunting lands when of all people RUAN
ZENKE POPS UP ON SUNDAY MORN state

IRONIC. We talk like Kevin Costner aft
Dances with Wolves in South Dakota? I'm

TAKE ALL THE RIVER LAND to were taking
all the River Land u just get the Kohler

where mom designated 3 quarters at the home place 1 each. Yea go fuck yourself. By summer they are expanding that 1 lane access road. By Dec 2024 they gonna run water pipe line along that whole river area. SERIOUSLY. N now suddenly JOJO n Sissy want that land aft a lifetime me saying we should build hunting cabins out there n them saying how stupid that was, declaring that land worthless, but u take it as your share Baby Girl you nuttin anyway (NOW THAT MOM DAD GRANDMA GRANDPA gone). PTSD HITS AGAIN. CAN U HESR ME SCREAMING UNTO THIS SCREEN? now it's March 2026. I still not get disability back pay tjo they after 4years finally did cognitive testing that reveals TRAUMATIC BRAIN INJURY (likely inability to move feet now have both neuro n ortho root causes: so 42 Specialists pointing to the other guy were correct yet all failed to

address the part that was theirs-Just another coincidence?) AND MY BIG MAYO CLINIC testing. Canceled as Kamala taking control but before she mutinies completely n picks Walz (one of my Gov PenPals) where Mayo Clinic lives as Running Mate. BELIEVE? UNBELIEVABLE? DO I need to add in something to make the truth sound more believable?

SO NOW it's 23 Mar 24 it starts snowing BIG BLUZZARD COMING. BOBO SAYS I'm in trouble help. I say, "I'm on my way. Got all the utilities apps in anyway " stop at a Calvin Store. Pick up some makeup. N3xt thing you know all the Pow Pols Reporters n Pundits using my makeup tricks, even the guys. N those jackets with turtlenecks? Yes even tjo mine went missing outta the car somewhere that 20000mi 20states grandprix run story I'll tell someday but

suffice it to say yes I did go THRU OKLAHOMA, THERE WAS NO LOVE THERE, I blast my music everything a good song comes on, rock or country and my selection sounds alot like Beyonce's sudden crossover n Post Malone or wasvit Morgan WALLEN no before Lainey Wilson's 3rd release. U think it gives u a head-ache? Welcome to my world. So Xtreme I got TRAUMATIC BRAIN INJURY tho no collision fall or hit my head well until that Semi hit me but that's still many moons down the road. Can I take a breath yet?

RECAP. BOBO. SOTU. MARCH MADNESS DUKE-CELTICS (omitting dodgers n betting scandal April 2024 but BOBO was pulled from air that same 4weeks) 20000mi 20states Grand Prix to DC got natl security bill thru 23APR24. Same reporter got called unto Biden white house 4pmSame

Then I'm warning dems Kamala kus tryna keep Biden in game so he can retire a few mo into second term. He has that health collapse that absolutely MIRRORS DIRECTED ENERGY HIT, All Dems like time to go n Kamala in. Intel tween her n Trump they KARAT n STYX all the celebs who collective billions my IPPIP give us X% n we no press charges or make u pay HER. 500 billion in campaign contribs blown up noses in smoke n wasted TV ads everyone tunes out. MEANWHILE BOBO makes next comeback attempt netting him that SHARK WEEK ASSIGNMENT n SPECIAL HES BEEN DYING FOR. Unbeknownst to me, he's got a BLONDIE in tow now. But he asks n I revive that NY RESOLUTION- I'm

ROLL THE TAPES. BOBO does his SHATK WEEK SPECIAL in a tight black T-shirt he rocks. WHO KNEW? V short-lived couple days layer he lites a bomb. I SHIRLT off WTFVNOW in search of new TV News. Dilly rallied around but met 200 new wanna he's. Gave up during MLB PLAYOFFS n only rarely watch any news. Turns out certain social media sources much better accurate n insightful updates than any station news.

Anyway Trump decides to do a drive thru Montana, Yellowstone n such. He rakes in \$28million or was it billion in campaign contributions that week-end n MUSK posts

a Pic from a wood cabin lodge. "Buddy's house." he says. It looks just like the scale specs I laid out with my rocks. Hmm before or aft 13Jul24 when finally the broke my last straw. Nuttin from Kamala-Biden post Great Debate. Performance fizzled, unlike Bidens 7 Mar 24 STATE OF THE UNION ADDRESS WHICH I SAVED, but they stiffed me yet again. So at the debate, I debated BIDEN real time into the radio where he was expecting my usual watch on TV n give guidance. Dude my chatter was so incessant even TRUMP lightened up on Biden during the debate. Effect the same. BIDEN TANKED. N Trump took my advice next 2 weeks, NEVER INTERRUPT YOUR enemy when he's destroying himself. Noone thought TRUMP, OR I COULD GO RADIO SILENCE 2WEEKS. But we did. Both of us. Trumps ratings soar as Biden n Kamala tank. Biden Still not

TAKE ME TO CLOUD NINE MAJOR TOM.

Then they play Come Sail Away. Now IN CASE YOU DIDNT KNOW, there was this crazy band called Styx, named aft the River that flows into Hell Never to return. I THOUGHT THAT THEY WERE ANGELS, BUT MUCH TO MY SURPRISE. BABE. ITS YOU BABE. n I added that to my drawings. Along with the phone to remind me, MAKE THE CALL. NOPE the call I got saying my ex who tried destroying my sev times (SEE STERLINGS JOURNEY THE COMIC STRIP NATEEZNBK.COM) who hit a tree doing 80 aft UnHAPPY HOUR literally crashed n burned coma 2 weeks. Mutual old friend called me so I called. DAD TOLD me he died when I called back few minutes later to ask if it'd help if I flew out. I agonized over that for years... while he they made bank n can't torturing me, if I sound a bit

callous or matter-of-fact aft the 50000 repeat that story. As xs start appearing in the sky overhead. 4mo later BLAKE SHELTON revives George Straight All My Xes Live in Texas with his chart-topping hit.

Here's where it gets weird. Outta the Blue, I keep getting messages how HEs gonna come back now n save me. Which Wayward Prince Charming? Prolly the one they pulled in to do the Music for the RNC aft I said, "I'm too busy tryna help yall with your Public Speaking n PLATFORM. It's all atrocious. But I had an ex who can pick the the perfect song for every occasion. DUDE SERIOUSLY? U WENT N GOT HIM THAT FAST BUT CAN'T GET ME A CHECK? YA, GO F YOURSELF.

Then BOBO THE REPORTER I had STAYED

RELATIVELY QUIET ABOUT who turned our lil Sav-da-Worl Game into a BLODDY NIGHTMARE CARRIE STYLE yes that old horror movie says, "Are u sitting down? He's alive." 5 reporters at the RNC back him up. I'm like who? THEY'RE like "TEXAS." I'm like, "HES DEAD." They're like "NO. HES ALIVE N WELL N part of the TEXASELECTORAL COLLEGE. You know those TEXANs been backing those SUPREME COURT JUSTICES you hate so much? You remember when your friends told you he was worth lotta money THEN 2000? 1998? 1999? You remember when they called you in to try to get u to stay in Dallas, not leave for Caribbean, 'You'll never have to worry bout money? N u said but I don't want to wait for you to die that's creepy. I wanna make my own money?' Well they're part of that other org you hate,too." "Which one?" I ask.

"BLACKROCK". ME: "NO FIN WAY. THATS TOO MUCH." "WAY."

Next thing you know. TEXAS, BOBO n MY X FAV MUSICIAN are comparing notes n wreaking havoc on me CUBED having decided if THEY'RE THE PROBLEM I'M THE REASON.

That's when I did that whole, SHOTSKI: CRAZY X ODD-MAN OUT STRIP. SEE NATEEZNBK.COM dam some of these r pretty good n I only posted a few. Made many. Still got more in my head. N now I can add next one X who can't seem to decide whether he's with them or me. But He's so dam charming hot n charismatic plus he learned how to do just enuf to help me to stay on edge of Grace, I haven't completely sent him packing yet. And dam we are the best team ever. ANYWAY, messages apparently from MY X FAV MUSICIAN cuz of the medium, or should i say media he chooses to use." And they even added my TELL ME SOMETHING GOOD segment. Daily.

Daily Messages. "I'll come get you. We'll disappear, so they'll never find us. STYX gonna play at that LIL CASINO on the PRAIRIE. We can take off from there that night."

I'm very suspicious. I'm like, "Huh? I ain't

heard from you in like 10 long months besides dam songs telling me how much u hate me. I'm so over you, why I wanna do that?"

He's like, "We still love each other. We can make this work, n pin it on BOBO." I'm like, "DUDE, YOU GOT MORE Baby Mama's than most people have kids, AND how many aft you met me? Uh NO. I'd love help getting titles squared away, but I'm NOT leaving with you."

THEN IT HIT ME. 3 Xs teamed up at the RNC. They gonna have me plan MY OWN MURDER. I'd disappear leaving no trace. There'd be no HAPPILY AFTER for me, only them. They'd never have to pay me what they owe me. I disappear. No one looks for me. Everybody just thinks I'm just somewhere else, like usual. But I say

nuttin. I'm gonna watch it play out.

Someone steals my keys. Neighbors come into my yard. No reason for that. This be CLO-DUMBO-How'd they do it, when you already know who. Or do we?

So I drive by car dealership. Gotta fix that steering problem. There's this jeep there. OMG gorgeous off-copper color, I'm gonna need one here when this gets settled. This Cadillac just not practical for all farmlands n backroads, but I'll keep it forever. Great lil car n it feels like Mom's still with me.

Go talk to the salesman. We talk colors n of course that Corvette in their Showroom that would be less than less than less than practical. He slows me down. Slows down repair. 3 hrs later instead of 1, I finally ask who owns this dealership. "SOMEONE

outta Texas." "Not Arlington by any chance?" "As a matter of fact, yes. How'd you guess that." "Crazy Xs. N how many dealerships did they BUY?" "Most." He says with a puzzled look on his face to my "SERIOUSLY?" "YEP." SERIOUSLY.

SO I'm ON THE INTERSTATE. Look behind me. There's this Lil Orange Corvette following me. WHAT? HOW CAN THAT B? Where did this car NOT PLAINS STATE PLATES come from? N why this sweet lil orange corvette staying behind me so tight? I drop to 55. Speed limit 75.

GORGEOUS lil orange corvette with a black stripe slows n stays w me. These kinda cars floor it middle of nowhere, but he's going 55? Dam... why he not passing me? Now what do I do? Do I go home or to a lark n loop back later. Can't be good? Can

it?

Keep going on the muddy one-lane road. The one I got stuck on 2 weeks ago aft BOBO goaded me into going back roads, but dam, who knew it connected? I could keep going on that one. They're looking for me West. Then it hit me how easy it would be to fake west, head east, grab the boat tied out back behind the Casino, float far enuf down the River Styx, Crank up the engines n slip away during the Concert. Everyone on the floor thinks you're in the concert. The concert's dark. No one m sees you slipping away. GRAB that boat n off you go. Brilliant. Except if your partner took this op to push u over aft knocking ur head or tying arms. Or carry you down river so far noone ever finds you.

MEANWHILE 3 combines come into my

fields, I'm looking at them. One lil push n my camper falls into this creek.

DISAPPEARS wo a TRACE. Who'd notice I'm gone? I just told the cops I'm leaving soon but b back in the spring. All the troubles I had w trespassers, I wanted a paper trail leading straight to whom I thought the main culprit. My thieving brother n sister n offspring, formerly.

COME SAIL AWAY comes on again, n lil RED CORVETTE.

Still no shower. I put that gallon water out in the sun earlier. Enuf to do a semi-shower. Even shaved my legs. Yep gonna wear that lil black dress. SHARK WEEK BOBOs 2rd comeback or was it 3rd? BOBO. Dam if I knew then what he was up to, n with one of my divers no less? Oh. That black T-shirt showing off his arms hiding

unna that Reporter ANCHOR WTFNow
suit? What a waste. No NOT WAIST. Who
knew he had biceps, and it appears abs?
Hmmm that would help get past his bald
top, full beard look that Frankly My Dear

if you THINK you love the package inside?
Until you learn his inside is equally
unattractive. Like I said a view of his
biceps n abs in that Black T-shirt woulda
gone a long way 6mo earlier. Am I really
that shallow n deep at the same time?
APPARENTLY SO.

Now just how much more BOBO WE
WANT? SADIE HAWKINS- Bill Nye (Yes the
Science Guy) SOLAR ECLIPSE. ROCKET
LAUNCH. PLAY MISTY FOR ME . OJ
SERIOUSLY? MOON SHOT. FLY ME TO THE
MOON. SCARLETT TAKE 10. BIDEN. JOST.
COLLIN JOST. Luck up that n my. Besides

if he can only fly you to the moon, he's not the right guy. Didn't know that yet. Hadn't met Andromeda n beyond to the origins of time began. Now that's a trip round rhe Universe worth writing home about. Tho I never shared details my love life w Mom n she's long gone so no where to send it; no one to read it. Besides I'm not much for KISS n TELL.

SWEET HOME ALABAMA? REALLY? YALL wondering bout Sweet Tea n who's the great guy on the right, that be correct side of the SHOTSKI? Well snippets of my formerly best Babysitter Ever, IS YOUR NAME ON MY CHAIR, as a matter of fact it is. No shocked the Hell outta me too, I never thought I'd find a better Babysitter, but then I never thought I'd find a better Favorite Musician either, and I was dam sure never find another Better Favorite

Tennis Player. Did I ever tell you bout the time I had those severe chest pangs aft working 120days 20hrs a day n staying home couple days n had this dream where God asked me if I wanted to stay in Heaven? I'm like. "Not sure I'm ready for HARP only music n what would I do without projects? You decide, but only if you promise to give me a certain person who was taking care of me then." GOD says, "I can't promise you that- Free Will being what it is and all, but I promise you if he doesn't choose you I will send someone 1000 times better." So I agreed to come back. That time n several more. It is GOD asking, aft all. What's a few more months when we've got all eternity. Someone's gotta Sav-da-Worl. None of the elected or Royals are Getting the Job Done, are they? But dammit GIMME A FIN PAYCHECK. I ain't been paid since 20 Sep 22. NO SH!T

2nd Prairie Pup came out too, but the

even reaches the garden. That's how I
know both of them are boys. Ba da dum. I
put on my Lil black dress, a lil bit War
Paint, as we used to call our make-up back
in the day.

Watching these combiners watching me
makes me queasy. Styx. Dan dam what
was his name? Amazing voice n unique
sound for sure. Really like to see them.
Steak. Glass of Cab. Nice Concert. A little

craps n blackjack? I'm a little skeptical tho by the AMAZINGLY COINCIDENTAL SCHEDULING. STYX? ROCK? PLAINS STATE? 6WEEKS AFT Styx pops up that Sunday Morning we were playing "Who were u hanging with when this song was the hit?" And the US Men's Basketball Team took home the Gold?

Spider Sense Tingly more than the night of that 2-hour HOT PINK THUNDERSTORM so severe I said my Earthly Good-Byes. Part of me wants to go see Styx so bad, the other part is watching these 3 combines make dust n lil circles saying TRAP. TRAP. ITS A TRAP.

Eith way, I climb into Mom's Cadillac n drive down the lil country backroad that narrows down to 1-lane still rutted from where I got stuck... left to Casino n likely

MY Ol X Fav Musician. Is he for real again or just trying to avoid paying a tab? Did he team up w TEXAS now back from the COMA, FULL BODY BURN, DEATH TRIP? In cohorts w BOBO? YES DAM OHIO BOBCATS- who knew that was a team-played Syracuse today when i wasn't paying attention. It is 31 Aug 24 after all. BOBO what's he up to now besides stashing cash. BUT dam check out how good he is at anchoring now compared to his baby cub reporter segments say back in Feb 2023 before I started helping him, n now he's teaching Kamala to become like me? Dam if u like me so much y u such a dic?

But really QUEASY FULL-ON GOTTA THROW-UP, the thought of the 3 of them at the REPUBLICAN NATIONAL CONVENTION cooking up vengeance on

me full week, getting me to do all the work while they have all the fun?

And those Xs in the sky? Whats up with that. Criss crossing jrt streams 10 sets of 2. There arent that many flights outta here akl day. NO COINCIDENCE THAT? WHAT DO YOU MEAN THAT L I SN WAS CANCELLED? What else these 3 Xs cook up along w ELON who now holding that CHAT w TRUMP. It's the beginning of a beautiful tho short-lived friendship as we all expected. No relationship can house those 2 egos for long. Right? Go check out what else moved besides the section line 2 hills on my land next to that Mt Rushmore sized pile of gravel. Did I mention that last call with mom, she told me we were getting a huge check in January? A check that never made her estate, along with the money she took instead of the car she

won? Yep 4th one out at the Lil Casino on the Prairie. Yet She didn't wake up Christmas EVE?

Now that's really crazy. Bleach Req'd? Cash 5000 winning jackpot plus car money.

Layer casino confirmed she took cash for that car she won. But there r no deposits in the accounts my thieving bro n sis gave me, n I've not been able to get statements for any of the other accounts. 4 years later.

NO STATUTE LIMITATIONS WONT SAVE GHEM. NOT IF VILLEGAL MEANS WRRE USED. Requires court order but you need an attorney to go to court n neither I hired were willing once they got into the case. Who closed that lid? Same one that put the pillow over Mom's face? Bleach? Why was Bleach req'd? That was in the cop death report. Why strong Bleach? Oh what would Clo-Dumbo do? He's only ever got 1

One of the largest known red supergiants
is WOH G64. Previously, it was assumed
that the star, with a radius greater than
1,500 solar radii, may have entered a rare
yellow hypergiant phase, a possible
precursor to a supernova explosion.

However, new observations conducted with the Southern African Large Telescope have detected titanium oxide in its atmosphere. This indicates that the object is still a red supergiant. Astronomers believe that the unusual changes in brightness, temperature, and spectrum may be caused by interactions with a hot companion, rather than a fundamental evolutionary transition. Similar sharp but temporary fluctuations have already been observed in Betelgeuse, whose brightness noticeably declined without a subsequent explosion. To fully understand the nature of this phenomenon, scientists plan to continue monitoring the system.

Semi? Where'd that come from? Spinning like crazy. But I'm facing south. Hands n body frozen in place. Perpendicular to the road. Side Window now in my lap.

SHATTERED INTO 10000 pieces. No words come out. I can't move.

Semi truck driver at the formerly driver's window, "Are you ok?" "CAN u move?" "Can u Feel This?" n another car driver who can't pass gets outta his car. "I just called the cops, but there's not a scratch on your semi? N you r fine? 80mph? What?"

I still can't move. Blond woman comes n sits in the car beside me. Patting my arm,

she takes my hands down. 15 min later they are still frozen beside my head. Lord knows how much longer later, "Its gonna b OK. CAN u speak? Can u move?" she asks?

Lady cop comes up finally. :We can't open the door. GET THE JAWS of Life. Does anyone smell Gas? How much time we got?"
